To express our sincere appreciation and admiration for their patient assistance in the publication of this annual, we, the "Class of 1952" dedicate PANORAMA to:

IN MEMORIAM

HARRY FEITZ

Harry Feitz

In appreciation and memory of a swell friend.

His laughing manner and grand personality made him a friend to all who knew him. We know he will long be remembered by his classmates at Arundel High School.

Life is real! Life is earnest
And the grave is not its goal;
Dust thou art, to dust returnest,
Was not spoken of the soul.

Lives of great men all remind us
We can make our lives sublime,
And departing, leave behind us
Footprints on the sands of time;

Footprints, that perhaps another,
Sailing o'er life's solemn main,
A forlorn and shipwrecked brother,
Seeing, shall take heart again.

Let us, then be up and doing,
With a heart for any fate,
Still achieving, still pursuing,
Learn to labor and to wait.

From A Psalm of Life
By Henry W. Longfellow

FOREWORD

We, the PANORAMA Staff, have worked diligently for an entire year; to capture the memories of your high school life.

Our greatest hope is that this book will be symbolic of your high school days.

Look back through these pages when you have "gone and been forgotten with the rest," and may you feel that:

"When time, who steals our years away

Shall steal our pleasures, too,

The mem'ry of the past will stay,

And half our joys renew."

Thomas Moore

CLASS HISTORY

And it came to pass in the year of 1950, that two monstrous events took place -- the invasion of South Korea in June and the entrance of the Class of '52 into the portals of Arundel Jr. Sr. High School. It must be admitted that much less publicity was given the latter event, but even so it was a great occasion. For our class was entering the newly erected Arundel High School and we, as Juniors, were to be the second graduating class from that school.

It took quite a while to get things under way in our new school and it was not until January 19 that we Juniors had our first class meeting. Under the supervision of Miss Dorothy Sterner, Class advisor, we began to make plans for the rest of the year. As officers we selected Helen Wrzesinski as President; Dennis Judy, Vice-President; Sue Burkins, Secretary; and Frances Jones, Treasurer.

School rings were purchased by many of the Juniors; the ring having a red, blue or black stone in the center with the entrance of the school on one side and the Maryland seal on the other.

In January the Booster Club sponsored a Basketball Queen contest and Suvan Shine from homeroom 11A was chosen to represent the Juniors.

At our second class meeting, February 14, we voted in favor of giving a Prom in the spring and inviting the Seniors as our guests. In order to raise money for this gala affair, we sponsored a bake sale at one of the P.T.A. meetings, sold candy at basketball games, and sponsored a movie which was shown to the entire student body at the admission price of twenty cents per student. Also we had a Tea Dance for Juniors and Seniors, which was held in the cafeteria on April 10 during the fifth and sixth periods.

Even with all our working; getting ready for the Prom, we still took time out to select our class colors, motto, and flower. As our class colors we selected blue and gold and our flower is the white rose. Our class motto reads, "Let us be seen by our deeds."

The first part of May, Glen Burnie High School inducted members into our newly organized National Honor Society, and of these, ten were Juniors. They included Beverly Ringgold, Frances Jones, Susan Birmingham, Lewis Dove, Janey Wheat, Sue Burkins, Jackie Rice, Alice Ahmuty, Peggy Pump-hrey, and Helen Wrzesinski.

With the Prom such a short distance away, we had lots of work to do. Various committees were selected to see that all arrangements for the big event went smoothly. The date was set for Saturday, May 26, and the night before the decorating committee transformed the cafeteria into a beautiful garden with a small picket fence and two gateways, entwined with flowers, surrounding the dance floor. Small tables were arranged around the dance floor and on one side there was a fish pond with a fountain in the center. Refreshments were served buffet style and the table was beautifully arranged with the punch bowl in the center banked by flowers and the other refreshments on either side. The Juniors and Seniors danced to the music of the Top-Hatters from 8:30 P.M. until after midnight. Many favorable comments were received about the Prom and everyone who attended seemed to have a wonderful time.

On the last day of school, athletic "A's" were awarded to students for their participation in sports and several Junior boys and girls received letters.

After our summer vacation, which was too short for many, we returned to Arundel for our last and (we hope) most pleasant year. Some of our classmates of the past year were gone, but there were new faces to take their place. We were determined to have an even better senior class than that of the Class of '51. Again we had to select officers to lead the class. On October 26 we had a class meeting and chose Dennis Judy as class President; Charles O'Hara, Vice-President; James Martin, Secretary; and Helen Wrzesinski, Treasurer. Also we chose a committee to select a play which the Seniors could present near the end of the school year.

Another important event was getting the Yearbook Staff organized and starting the subscription campaign. In December we voted on announcement cards for graduation. Soon after the Christmas holidays, we Seniors ordered our announcements and name cards and those who had not received class rings in their Junior year bought them. Even though it was only January there was much talk of that all-important time --- Graduation.

Again, in January the Booster Club's Basketball Queen Contest was held and Dale Renshaw, from homeroom 12A, was selected queen for the Seniors. As in the past year, we sold candy at the basketball games to meet expenses of the Seniors.

Our basketball team played very well that year and we are quite proud of them. The Booster Club sponsored a dance on February 29 and since it was Leap Year the girls had to invite the boys, which was difficult for many of them.

Many Seniors participated in the All County Music Festival held in May which was one of the last big events of the year.

We are looking forward to attending the Prom that the Juniors are giving for us, but uppermost in the minds of all is, June 10, Graduation Day. That will be a big week for all of us Seniors with Sermon to the Graduates on Sunday and Graduation on Tuesday, plus all of our other class activities we have been arranging.

I am sure we will all look back on our school days with pleasant memories in the years to come.

June 10, 1962

After a brief ten year vacation, we started our first assignment. With our pencils neatly sharpened and our pointed heads to match, we started tracking down the sad remains of Arundel's 1953 graduating class.

As we walked to our car we saw a policeman placing a ticket on it. As we went closer we saw that he was none other than "Billy Gertz." Considering that we were old classmates he just gave us a warning.

We then hopped into our jet-propelled roadster and cruised off at a slow 90 m.p.h. We made our first stop at WAHS T.V. station. We were ushered into the office of "James Martin" by "Nancy Mooney," his secretary. Marty told us that he had just been talking to "Helen Wrzesinski" and she has her own show called "Dizzy Fingers." He also informed us that his newest comedy show starred none other than "Danny Phipps" and "Joby Snyder."

We left the station and since it was such a nice day we decided to walk down Fifth Avenue. Suddenly, we saw someone with beautiful red hair coming toward us and discovered it to be "Beverly Ringgold." Bev told us she was now designing a new line of bathing suits called, "She Can't Get Wet." Beverly told us that "Jeanette Latvanas" was now the highest paid model in the United States.

We continued walking down Fifth Avenue. As we were window shopping, we noticed in a store a very well-dressed man trying on bow ties. We walked inside and saw "Jackie Rice," Governor of Maryland. His Honor, told us that Mr. and Mrs. "Charles O'Hara" ("Shirley Danza") visited him the other day. Charles is now one of Maryland's Senators.

Outside a crowd gathered around a store window. Pushing through, we saw a huge bed upon which slept, famous "Mattress Tester," a former classmate known to us as "Sonny."

Yawning, we turned away and continued walking down the avenue. It was beginning to rain. We stepped into a nearby doorway and discovered it was the entrance to an exquisite dress shop. We were greeted by the co-owners, "Peggy Pumphrey" and "Sally Griffith." These famous bachelor girls have their own penthouse apartment in the hotel on Fifth Avenue. They told us their hotel, the Forney Plaza, was owned by "Richard Forney" and "Janey Wheat" was now his secretary.

With this piece of information written in our census book we decided to have lunch at the new Chinese Restaurnat. We discovered "Donald D'Elia" was the owner. Seeing a sign "Eat at your own risk," we began to wonder whether we were hungry or not.

After eating we went to pay the cashier and found she was "Alice Ahmuty." She told us she was working her way through medical school and "Lewis Dove" and "Peter McNamara" have just returned from Mars in a space ship they designed themselves. The thing that amazed us most was they were greeted by "Bobby Downs." They still don't know how he got there.

We stepped out of the restaurant, and saw "Jane Miller" coming toward us. Jane married a Navy man, and he is now in charge of the Naval Academy. She also told us that "Alice Hicks" husband is a wheel at the Academy. "Suvan Shine's" interests lie at West Point, since her husband is now a five-star General.

Above the noise of the traffic we heard a crash. Rushing to the corner we saw "Dennis Judy" and "Moe Coale" being untangled from what was left of an Old's 88'. They are now in the hospital recovering from shock after

hitting a double-decker bus. In the same hospital is "James Whisman," also suffering from an unfortunate accident. He got his nose caught in the latest model pencil sharpener. On the way to their ward we met "Ann Wassell," head nurse on that floor. She stopped only long enough to tell us that "Mildred Harris" and "Kenneth Fields" were on the hospital staff.

Since our pencils were now quite worn down we looked for a pencil sharpener. Seeing a modern building we stepped inside to find ourselves in the Travel Agency Bureau, where "Arthur Stubbe" was informing honeymoon couples how to get lost. We noticed a sign in the window:

See the wrestling match of the year
Slugger "Sam Wolford"
Versus
"Anyone that will take him on"

The annual secretary's convention had just let out, and who should we see but "Estelle Donaldson," "Dorothy Chaney," "Vera Slater," "Thelma Thompson," "Elizabeth Warner" and "Shirley Olesen." They were arguing with "Leonard Crawford" about the poor salaries of secretaries. Trying to avoid the argument, we quickly darted into a building where there was a meeting of the "Heart-broken Housewives of America." President, "Bernardine Nehring" was beating her fists on the speaker's table, while "Elaine Griffith" and "Susan Birmingham" were deciding which had been married the longest. Over in the corner sat "Billy Phipps," who was the subject for discussion at the meeting.

Outside we were again attracted by a sign posted in a conspicuous place. Printed in large letter we saw, "Take a trip on the New Sky Theatre. The hostess of this revolutionary airplane is, "Eileen Gies" who now had the lead in a play. "John Stewart," the pilot is her co-star.

We were defeated, financially, that is, and turning off Fifth Avenue we met a group of school children racing from school. Behind them we saw none other than "Betty Anne Allen" standing in the doorway. She explained that this was the way each school day ended. She informed us the "Jean Anderson" was teaching Macbeth to high school seniors, and "Susie Sommer" and "Betty June Thompson" were the Phys.Ed. teachers at Arundel.

Wishing to get away from our former "Home of Education" we bid Betty Anne adieu and retreated back to Fifth Avenue. Seeing a newstand nearby, we spent a few cents on a paper. Turning to pay for the paper we saw "Vent Cole" collecting money and stuffing it in both pockets. Our attention was caught by the cover of one of the latest fashion magazines, why of course, "Dale Renshaw." We found a place to sit down and rest our weary feet, (and brains?). In the magazine, we saw a list of the ten best dressed men and women in the U.S. and right near the top were "Frances Jones" and "Graham Shoemaker." The background scenery for the picture was designed by "Lois Shipley."

In the newspaper we saw that some of our classmates had been found to be news worthy. "Bobby Ward," "Harvey Ihrig," and "Ernest Sines" tied for first place in the Nation-Wide Tobacco judging contest. On the top floor we saw "Henry Hollingsworth," Photography Editor of Life Magazine. "Tommy Sills" has a daily column on the sports page in which he praises "Larry Whitt," that famous ball player. We also saw a picture of "Doris Day" who is now a concert pianist. Glancing away from the paper we saw "Ida Jane Dickerson," a Wave, coming toward us. She gave a salute and went on.

Thus we end our survey of the Class of '52 with a note about ourselves. I, "Sue Burkins," shall sit on the sidelines and watch "Don Blackwell," my husband, play basketball. I, "Connie Hessinger," own my own ice skating rink where I can skate until my heart's content.

And now the men in the white jackets are coming after us so we will have to leave you and disappear behind the padded doors.

At the end of school in 1950, we the boys of Arundel F.F.A. were busy moving into the new high school. This is what we had been looking forward to for a long time. After spending many long hours and days hauling equipment and setting up the shop, school finally opened.

The first big job was to set up the shop in the best way possible. Although this was not permanent we started our second big job. This was to build the foundation for the quonset huts which had been given to us by the Board of Education. We were very thankful to them for giving the huts to us. The weather became too cold for us to work outside so we returned to the shop.

Every year we have raised a batch of baby chicks. This takes a bit of work on everyone's part, but each boy does his share. When the chickens have been raised successfully, they are killed for the annual Father and Son Banquet. Some of the chickens are saved and sold.

When the first signs of spring came, the grounds were cleared. The boys started working hard at their crops. The crops which were ripening near the end of school were taken care of by the Chapter members during the summer.

When school started again in the fall, the tools were picked up and put to work again. The crops were harvested and some were taken to the Marlboro Fair. This was a success and many came home with honors. The boys were very proud of their entries and enjoyed the competition they found there.

In November our own fair was held. The fair went over fairly well but next year we hope to make it much better.

Again this year we are raising chickens and when spring comes we will start planting. We hope to be as successful in the coming years as we have been in the past.

THE HOME ECONOMICS DEPARTMENT OFFERS A VARIED PROGRAM

Seniors Study Home Management

The Senior Girls' of 52 decided they would like to take a course in Home Management to help them with their problems in later life.

We found that we wouldn't stay in one room for the whole year. Our first course was in the cooking room, where we planned and served a meal, cooked breads, cakes, and pies; some successful, some not. Then came a change of scenery into the bright pink room for

a course in home and family relations, entertaining, home nursing, and child growth and development. It was moving day again, and in the sewing room, we learned to recognize and handle fabrics, and learned new and better ways of sewing. We hope to round out our year by having a Spring Fashion Show.

"We are looking forward to making some man or mouse, a good wife."

Juniors Study Food Preservation

We began our school year with a study of Food Preservation. Here we made jellies, jams, and pickles. We extended our knowledge of foods and learned much about the digestive system. We had laboratories on meat, fish, and poultry.

HOME ECONOMICS CLUB

FIRST ROW: Mildred Donaldson, Irene Redman, Darlene Prchal, Dale Renshaw. SECOND ROW: Mrs. Armstrong, Josephine Escavage, Shirley Olesen, Ida Jane Dickerson. ABSENT: Marie Boyer, Doris Reimsnyder, Anna Stonis, Theresa Wolfe.

What in the world would girls be doing with nails, cords, screw drivers, hammers, and oil cans? The girls are learning to do odd jobs in everyday life, such as fixing electric irons, cleaning silverware, and stretching curtains. We also learned all about good grooming.

We ended the year in the sewing laboratory. We learned not only how to make a garment, but how to select a pattern to fit your size and style.

We hope to be better homemakers when this course is ended.

Sophomores Study Home Canning

The first task that we undertook in the cooking field, was canning. We prepared and canned peaches, tomatoes, peas, and other vegetables. This is one of the few classes where our "book learning" is put to actual work. Next on our menu of study came a preview of good conduct, some pointers on dating, discussions of a child's social life, care of the sick, and a close study of fabrics. Spring came and with it, sewing lessons for the girls. The school received a good idea of our sewing abilities in the Spring Fashion Show.

JUNIOR HIGH CLUBS

What's all the noise in the lower hall? Oh yes, it's Thursday, Junior High Club day. Let's look in and see what each club is doing. First, we stopped in Miss Mitchell's room and found in one corner a group reading books and magazines, another group was discussing the good points of reading and what constitutes a good book. This is the "Reading Club".

In the Home Ec. Room under Miss Armstrong's guidance we found the "Boy's Home Ec. Club". The boys told us they had discussed buying clothes and that they are now making aprons and if they have time they are going to make chef's hats. Then they are going to cook -- simple things.

The "Visual Education Club" with Mr. Michel's help and teaching is learning how to splice and care for the films. They show pictures for various teachers during school and also see some in their club period.

Miss Barnhart told us that the "Newspaper Club" distributes newspapers in homeroom and brings in news from the homeroom for the paper. They distribute and collect in the homeroom.

In Mrs. Marshall's room the "Plastic Club" which is made up of about thirty Junior High students. They are making earrings, bird-pins, lanyards, bracelets, and some are learning different kinds of weaving with plastic. At Christmas they made Christmas Tree Ornaments. They plan to make flower corsages with liquid plastic.

In the gym Mrs. Orr's "Cheerleaders Club" were practicing some cheers and the motions. They divide into groups and practice in that order. They cheer at the Junior High games. There is about thirty-or thirty-five in the club. This is their first year and we think they are doing fine.

Do I hear music? Yes! It's none other than the "Junior High Band" directed by Mr. Higgins, practicing for their Parent-Teacher-Association recital in May. There are twenty-two in the band and if the students successfully complete one year they are eligible to join the advanced band as regular members.

The "Glee Club" under Mrs. Martin's direction is working on how to sing together and learning three-part harmony. There are one hundred and thirty-eight and this is the first year that they have had boys. There are twenty-two boys. We hope next year there will be an equal number of boys and girls.

In the cafeteria the "Dramatics Club" was having a White Elephant Sale to raise money for equipment for the stage -- lights and scenery. They expect to have a dance. They discuss plays and acting procedure.

Mrs. Forney and Mrs. Thumel's "Dancing Club" are learning to polka, waltz, two-step, and the fox-trot. There are sixty-five in the club and they also jitterbug with different people.

Mr. Williams "Clean-Up Club" takes care of the maintenances of school property, ground, and build-

ing. They take care of the athletic field and the roads, and they generally clean-up around the school.

The "Nature Club" along with Mr. Graham collects specimens of all kinds of insects and small animals. In class they have lectures and show pictures of animals that students bring in. When it gets warmer they will take field tours.

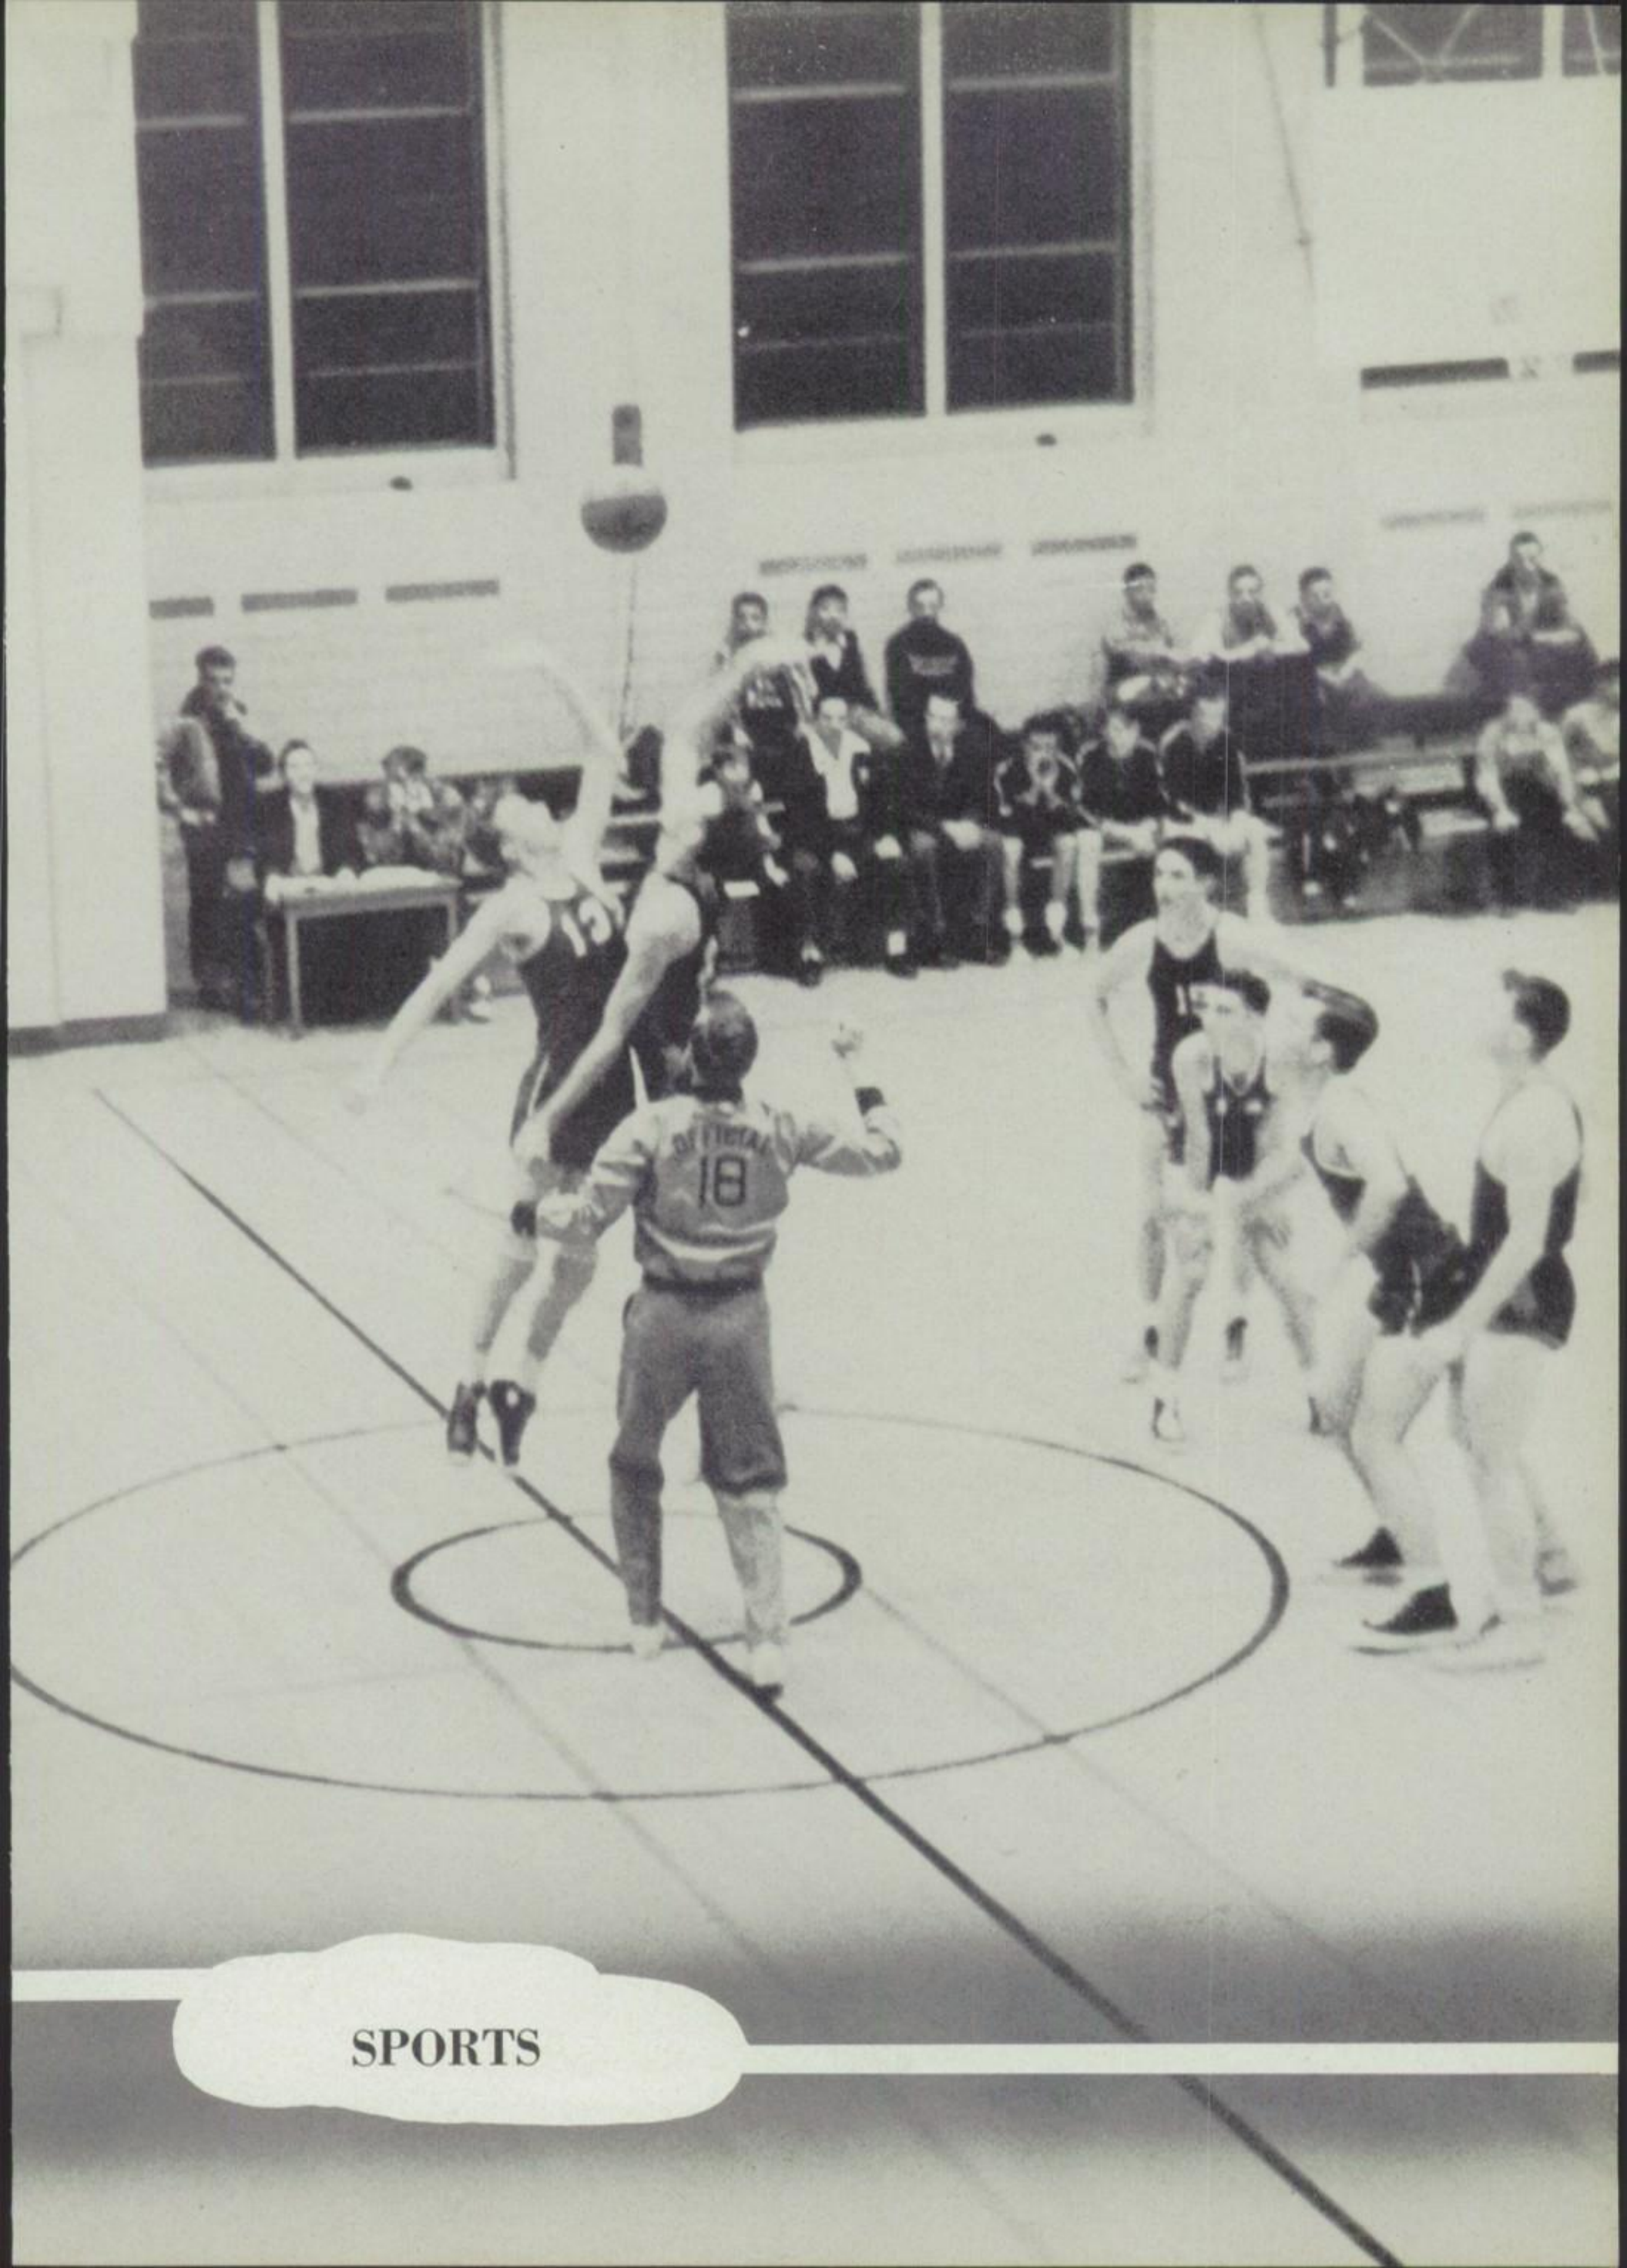

The "Checkers and Horseshoes Club" does just what the name says. Some members play checkers and others throw horseshoes.

Miss Collier's "Library Club" sorts material for the pamphlets file and makes a collection of pictures and clippings for the file. They also try to make a collection for the bulletin board displays and they alphabetize and file catalog cards.

Golly, look at all the airplanes, it's Mr. Zaengles and Mr. Giffords "Model Airplane Club". The Club consists of sixty members, three of which are girls. The Club is divided into beginners and advanced. The beginners are learning the basic requirments of a plane. They use these specifications in building a glider. This glider has been designed by Mr. Gifford and has proved very successful. The advanced club is studying the gasoline engine and its relationship to the plane. There are a number of gas models now under construction. Two have been completed successfully. Curtis Cline to date has been most successful with a Zelch powered by Ohlsson 33. The club is very enthusiastically awaiting mild weather to test the models now under construction.

These compile the various activities in the Junior High and thus ends their Club Day.

The Senior High Girls are very energetic and deeply interested in sports. A huge crowd came out for the basketball team, and really showed a lot of vigor.

A great part of the team is composed of tenth graders, and these girls are really an asset to the team. Marion Jones, a forward on the team is a tiny player, but brimming over with big plays. I am sure that her next two years at Arundel will put us on the map as a team that is hard to beat. Sara Pumphrey, an eleventh grader on the team, is a south-paw but can really fill up the scoreboard with her one-handed shots. She is a wonderful person and also possesses all the qualities of an outstanding player. Betty June Thompson, high scorer for the season is also an excellent player. She has played Varsity Basketball for a number of years and has certainly mastered the game.

Good sportsmanship is a trait that Coach Tarter wants all of her players to possess. A failure is always followed by a sincere determination to win the next game.

Even though they didn't win the championship, they showed outstanding ability. We wish all the best of luck to the future teams of Arundel High School. Come on Girls -- we know you can do it.
